

The **Ministry of Economy, Transport & Innovation** of Hamburg, the **ITS Hamburg 2021 GmbH** & the **Hanse-Office** cordially invite you to our new series of

Future Mobility Talks

“On the way to the ITS World Congress 2021 in Hamburg”

First Talk: Automated and Connected Mobility

4 December 2019, 18h00-19h30

at the Hanse-Office, Avenue Palmerston 20, Brussels

Hamburg will host the World Congress on Intelligent Transport Systems in October 2021 and has, together with a number of partners, already initiated various pilot projects to deploy new forms of mobility. The aim of our first Future Mobility Talk is to facilitate discussion amongst stakeholders about the opportunities and challenges of transforming mobility into a safer, more sustainable and user-friendly system. In this context, the Free and Hanseatic City will also present its ITS-strategy and its experience to use the urban space as a testbed for connected and automated mobility.

Please confirm your participation by replying to events@hanse-office.de by 30 November 2019.
